Jewelry Findings

Inspiration in every finding.®

**From the Girls at Vintaj.**

What a great year in Tucson! It is always so inspiring to be in a venue with so many of our favorite awesome artisans! The sunshine was a wonderful reminder that we're ready to leave the enormous piles of snow behind and dive into spring.

With that in mind, we're introducing a great selection of birds, bees, dragonflies & butterflies, and finally (for those of you who've been asking) a 3" head pin.

We hope you enjoy the great updates we've made to our website, making it more user friendly, including new gallery search options and a new shopping basket.

**Happy Designing!**

*"Good design, like good painting, cooking, architecture or whatever you like, is a manifestation of the capacity of the human spirit to transcend its limitations."*

*"Here are the reasons I love your company - first, you have a beautiful, innovative and versatile product. Next, it is evident that you all love what you do and that you care about your customers - each step from presentation of your findings, to design ideas and literature, through ordering and shipping is thoughtfully executed. I find virtually every piece in your line inspiring, and look forward to "designing my way" through them!*

*Not long after I got my first order from you, I got a pair of bail pliers, as I wanted some tool to evenly bend and shape the brass. They are perfect for an even, smooth curve. I love to make bails out of the Acorn Leaves Connector and add drops. With the Etruscan Drop Filigree I like to wrap vintage tin-cut stones, simply and with a few more bends to create something that looks completely different- just as you say, a creative setting!"*

All my best,  
Claudia
